

## How to use ATA Carnet

This guide has been created with the aim of helping ATA Carnet Holders to use the document correctly thereby minimizing the exposure to potential claims from the foreign Customs.

The Carnet transaction cycle usually consists of the following elements:

**Validation:** UK ATA Carnets must be Validated by HMRC / BF before the first use (this will be done at the same time the Exportation Counterfoil and Voucher are being endorsed. If you're flying – then take your goods and Carnet to the customs desk before checking your goods in. If you're driving via Euroshuttle, Holyhead or roro ports in Kent – go to an [inland site](#) to get your Carnet validated. Companies moving goods under transport contract (Hauliers/Forwarders) will require safety and security declarations + GMR to pass through the port (**GMR must be obtained before the Carnet is presented for endorsement at IBFs**).

**Exportation:** this refers to UK goods leaving / exiting from the UK

**Importation:** this is entry into a country of temporary admission (working visit).

**Re-exportation:** this is the departure or exit from the country of temporary admission

**Re-importation:** the return of goods to the UK

**Transit:** transits are rarely used, but may be required if your goods are moving through one Carnet country en-route to another (i.e. driving through EU on the way to a working visit to Switzerland counts as Transit. Note that Changing flights does not count as transit). You must ensure that transits are discharged correctly to avoid payment of duties. Russia and Switzerland may request transits in case the goods are sent to an inland site.

**Vouchers:** Are completed by the holder and detached/removed from the Carnet by Customs officials. Vouchers serve as a Customs declaration and must be signed by the Holder

**Counterfoils:** Are completed by Customs and serve as receipt audit trail for each declaration lodged

1. UK Office of Exit that validated the Front Cover will endorse Box 1 - 6 and stamp + sign Box 7\*

\* For the purposes of trade facilitation, inland sites count as Office of Exit. The exception to this rule would be a GB office validating the Carnet, but the goods exiting UK via NI (in this case the inland site acts as the Office of Export and validates Box H, endorses + detaches Exportation Voucher and sends it to NCU and completes Boxes 1-6 on the above Exportation Counterfoil. NI will act as Office of Exit and will stamp Box 7 only (to confirm point of exit from the UK). Naturally if there is no GB inland site involvement and the Carnet is validated by BF NI – then this office completes all the above steps.

2. Holder and BF Officer must ensure that items stated in box 1 are the same as declared on the Exportation Voucher.

## Points to Remember

- Do not lose or misplace the Carnet – lost Carnet will require a Substitute document to be issued
- You are only permitted to travel to the countries listed on the Green Front Cover
- Yellow Vouchers and Yellow Counterfoils are for HMRC / BF endorsement only
- White Vouchers and White counterfoils are for the foreign Customs / the country of temporary admission only
- **ALL** items Declared at the point of re-exportation From the **UK MUST** return within the validity of the Carnet
- Check that the items you declare on Importation or re-exportation are correctly reflected in **Box 1** of the appropriate corresponding counterfoils. **ANY** items not accounted for may become subject to duties and / or penalties by the foreign Customs
- **DO NOT** exceed any restricted dates imposed. The person travelling with the Carnet can check this in **Box 2** of the relevant Importation Counterfoil. Re-export your items before or at the very latest on this imposed date. Any exceeded time limits may result in Penalties by foreign Customs
- Return your Carnet to the issuing body after the Carnets expiry date, or after all visits have been completed.

The Holder of the ATA Carnet is responsible for acquiring the correct validation of the ATA Carnet. Not all Customs offices are manned 24 hrs. therefore we strongly advise you check at least 24hrs prior to departure that a customs officer is available to validate your Carnet.

Any Carnet that is not endorsed on re-exportation from a country of visit or does not contain final validation that the items covered were duly reimported into the UK prior to its expiry date, may be subject to duties and any other administrative charges as per the undertaking completed at the time of issue (foreign Customs are legally allowed to lodge a claim against the Carnet up to 24 months from the date of issue).

**You are advised to make a copy of your Carnet after use and return the original to the address shown on the reverse of the Carnet back cover.**
